

**Open Up High School Mathematics  
Integrated (2021)**  
**Published by: Savvas Learning Company**  
**Grades: HS**

Open Up Resources began as the K–12 OER Collaborative, a 13-state initiative to address quality gaps in the curriculum market.

They partner with leading curriculum writing experts and technologists to provide the best curricula available via traditional print and state-of-the-art digital platforms.
